7. Elimination Team Race

Four swimmers, four strokes and an elimination format: up to eight mixed club teams will compete in the Elimination Team Race.

Qualification and Team Composition

Each team consists of the two fastest female swimmers and the two fastest male swimmers from a club or Startgemeinschaft (combined club team), based on their times in the 200 m Individual Medley.

The four times are added together. The eight teams with the lowest combined times qualify for the Elimination Team Race.

- Only one team per club or combined club team is permitted.
- Reserve teams will be nominated if qualified teams withdraw.
- Individual swimmers may not be substituted.

Race Format

The Elimination Team Race consists of four successive races of 50 m each.

The four strokes are Butterfly, Backstroke, Breaststroke and Freestyle. The stroke for each race will be drawn immediately before that race. Each stroke will be used once.

Once the stroke has been drawn, teams have ten seconds to select their swimmer. If no swimmer is at the start when that time expires, the team is eliminated.

Each team member may swim only once.

In each of the first three races, the two slowest teams are eliminated. In the fourth race, the two remaining teams compete with their respective final team member.

Team Prize Money

Place	Prize
1st	€100
2nd	€75
3rd	€50
